

Frequently Asked Questions – Rabies/Microchip Clinics

Do the rabies shots cost the same whether they are a 1 year or 3 year?

Yes, but in order to receive a 3-year vaccine, we must have proof of a prior vaccination. If you want to have your vet fax over the rabies record prior to our clinic, that is fine. Email info@humanesolution.org for the fax number.

What is a microchip and how does it work?

Please see the Web site here: http://www.avma.org/issues/microchipping/microchipping_faq.asp

How much does it cost to register the microchip?

Registration is free, and Humane Solution will register your pet for you. Please allow up to a week to ten days for registration to be completed.

Why are the shots here cheaper than at my vet's office? Are they safe?

Humane Solution is able to give the rabies shots cheaper because the vets volunteer their time, and are not paying overhead which allows us the opportunity to offer these services at a discounted rate. We use the same rabies vaccines as they do at their veterinary practice, so it is safe.

Do you offer any other shots besides rabies?

No.

Any other questions may be directed to Humane Solution by calling (336) 723-DOGS or via email at info@humanesolution.org.
